PROFILE

Dedicated Computer Science and Engineering student at BRAC University with a focus on frontend development in the MERN stack and AI model development. Skilled in Python, Java, C++, and SQL, I combine technical expertise with innovative problem-solving to build dynamic web applications and explore AI's potential. With a background in Digital Marketing, I bring a data-driven approach to creating impactful tech solutions.

SKILLS

- Mongodb
- Express JS
- React JS
- Node JS
- Python
- Java
